

## Product Data Sheet

### Length Measuring Counters

#### M45:

A robust and flexible light-weight mechanical length measuring counter with high number of digits. Together with a 200 mm diameter measuring wheel fixed to the 5 mm shaft applications include measuring the length of various materials (see table below).

#### Technical Details:

**Display/Size:** 5, 2.5 x 4.5 mm  
1 or 2 red-backed decimal digits possible

**Increment:** see table below

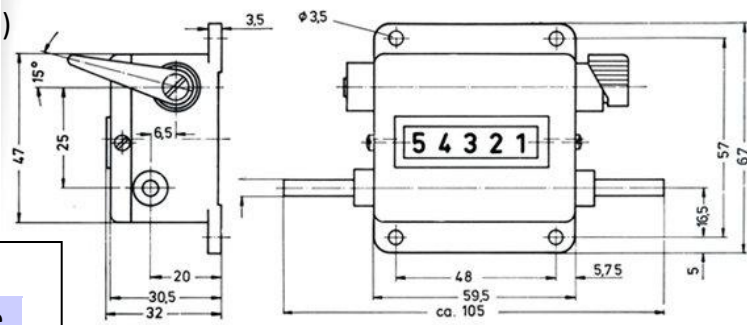

**Rotation:** both directions, 65 cNcm

**Reset:** fixed lever

**Case:** wear-resistant plastic

**Measurements:** see drawing  
Approx. 59.5 x 67 x 32 mm (W x H x D)

**Weight:** approx. 130 g (without wheel)

Item	Rotation	1 Digit
003629	LZ.RZ	= 0.1 Metre
003630	LW.RW	= 0.1 Metre
003629-1*	LZ.RZ	= 0.01 Metre
003630-1*	LW.RW	= 0.01 Metre

All specifications subject to change without notice
